## M. HEFFERN DEAD

PASSED AWAY SUNDAY AT HIS HOME ON EAST FIRST STREET.

## WAS BORN IN IRELAND

And Was 67 Years Old—Funeral Services to Be Held Tuesday morning at St. Patrick's.

Michael Heffern, for thirty years a resident of Nodaway county, died Sunday at his home, 308 East First street in Maryville, after a long illness.

The funeral services will be held at St. Patrick's Catholic church, Tuesday morning, at 9:30 o'clock, conducted by the pastor, Rev. Father Henry Niemann. The body will be laid to rest in St. Patrick's cemetery, where the bodies of six children of the deceased lie.

Mr. Heffern was 67 years old, and was born in County Tipperary, Ireland, September 29, 1843. He grew to manhood in his native county and secured the rudiments of a good education. When he was 20 years old he came to America and went to St. Joseph, Mo., where he settled. He was employed there two or three years, in the mercantile business, to learn the ways and methods of business in his adopted country, when he went into the grocery business, continuing until 1881. He then came to Nodaway county with his family and bought the Thomas Wadley farm, three miles east of Maryville, where they resided thirty years. Three years ago they moved to their present home in Maryville.

On the 4th day of June, 1872, he married Miss Bridget Leonard of St. Joseph, who was born and reared in that city, who survives her husband with four children, who are Matthew J. Heffern and James Heffern of Omaha, and Misses Elizabeth and Margaret Heffern, living at home.

Mr. Heffern was a good man, true in every relation of life. He was quiet and unassuming in manner and only those who knew him well had the privilege of knowing how much of real knowledge he had acquired by reading and study. He was well informed in political affairs, both national and local, and since young manhood took keen interest in all that was being said and done by men of note. He was a champion of equal rights for all men and believed the Democratic party principles would bring about the best of laws of government for all the people, held firmly and quietly to that belief and always voted accordingly. He worked hard, and by his own efforts had secured a competency for his old age. His influence as a Christian gentleman, in the church of his faith, in the community he had lived for thirty years, and in his home as husband and father was for the upbuilding of truth, righteousness and peace everywhere.

## COL. HUGHES BACK FROM FLORIDA TRIP

Col. Tom Hughes returned Saturday night from a few months' visit in Punta Gorda, Fla. Mr. Hughes had a great time and returned in good health. He didn't bring back that shark skin that it is stated he got in Florida. Also, he came back without a watch, and it is thought by his friends that he lost the watch when he fell overboard in the river near Punta Gorda. Even some of his friends say that it was necessary for Col. Hughes to pawn his watch so as to raise funds to get home.

## BUSINESS STORES CHANGING LOCATIONS

The clothing stock of George W. Signs & Sons was moved Saturday night and Monday from the Roseberry building to the Tate building, on the north side of the square. The Montgomery Shoe company is to occupy the room vacated by the Signs, and will move within the next few days. Jesse Fisher also moved his repair shop from the east side of the square to the Robey garage. Gabe Allen moved his implement stock and feed store into the room recently occupied by Fisher.

H. A. Boedeker of Ravenwood was in the city Monday on probate court business.

## WAS GOOD REPORT

OF SOCIETIES OF THE FIRST PRESBYTERIAN CHURCH.

## CLOSE OF FISCAL YEAR

S. E. Farmer, W. O. Sawyers, H. T. Hooker, Roy Lippman and Charles Wadley the New Officers.

The congregational meeting at the First Presbyterian church Sunday morning, following the communion service, to hear the reports of the various societies for the year, was very satisfactory and showed every department of the church's activities in excellent condition.

Owing to a change made in the date of the fiscal year, which was changed from January 1 to December 31, to end April 1st of each year, the financial report was affected to some extent, because the members had forgotten to make their contributions in time for the yearly report.

The officers elected were S. E. Farmer and W. O. Sawyers, re-elected elders for a term of three years each. Hal T. Hooker and Roy Lippman, trustees, a term of three years each. Charles Wadley was re-elected deacon for one year.

The benevolent report of the congregation showed the following contributions:

Sunday school missions	\$ 19.00
Church erection	40.00
Ministerial relief	126.00
Education	40.00
Home missions	262.00
Freedmen	50.00
Foreign missions	300.00
Colleges and academies	100.00
Temperance	123.00
Bible societies	5.00
Miscellaneous	176.00

Of this contribution the Woman's Home and Foreign Missionary society gave \$206 and the Christian Endeavor society \$190.

The congregational expenses were \$2,550.

Several families have moved away during the year, but the increase in membership saved a loss by one, and the number of the membership at present in 361, and every department of the church shows a decided increase.

The Sunday school is doing especially well under the superintendency of Professor G. H. Colbert.

The Boy Scouts is a new organization during the past year, and is under the leadership of Prof. John Cameron and Roy Lippman.

Dr. Charles P. Luce has a fine class in special Bible study on selected subjects that is one of the strong features of the church. He is one of the ablest of the many able ministers this church has had, and his pastorate is indeed very successful. There is not a more representative congregation in the city.

## ELECTION TO BE HELD TUESDAY

Election is to be held Tuesday in Maryville and in the various school districts over the county. In the county, a county superintendent of schools is to be elected, and Prof. W. M. Oakerson will have no opposition. In Maryville, three members of the school board are to be voted on, also the school levy, an alderman from each ward, and county superintendent of schools.

The citizens' ticket nominated Friday night will not be opposed. The candidates are all good ones and should be elected. On the school board, W. A. Blagg and W. H. Crawford for the long terms, and L. C. Cook for the short term, are the candidates. The school levy should also carry. The levy this year is the same as it has been in the past ten years.

For aldermen from the four wards in the city the candidates are Henry Foster from the first, C. D. Hooker from the second, Roy Carfman from the third and Louis Gram from the fourth.

No interest is being taken in the election, as there will be no fight of any kind against the citizens' ticket.

## PARTY OF MASONS TO BURLINGTON JUNCTION

A party of Masons from this city went to Burlington Junction Saturday night, where they attended the Masonic lodge and conferred the third degree on two candidates. The trip was made in automobiles.

After lodge was over a fine banquet was served by the ladies of the Christian church in the church basement. Some 200 diners were present, being Masons from Clearmont, Mound City, St. Joseph, Elmo, Parnell and Maryville. John Sewell was toastmaster, and short addresses were made by District Deputy Grand Master Harry M. Irwin and Edward E. Williams of this city.

In the party from Maryville were Harry M. Irwin, Roy Collins, Will Phares, Albert Kuchs, C. C. Hellmers, Dr. E. C. Brandler, R. P. Hosmer, Edward W. Keck, Peter Dietz, Edward E. Williams, W. E. ## ATTACKED BY NEGRO IN MEXICO AND DIES

El Paso, Texas, April 2.—Jesse Burtchell, a race horse owner of Maryville, Mo., died this afternoon in an El Paso hospital from a bullet wound through the abdomen, received last night when he was shot by a negro, who attempted to rob him near the race track in Juarez, Mexico. A companion, J. A. Seckington, was beaten over the head with a pistol by a second negro at the same time and is very low, suffering from concussion of the brain.

The two men were left on the ground where they fell several hours last night before they were removed for medical attention, it being a law of the Mexicans that wounded men may not be removed until the proper officer has seen them. In this case the proper officer could not be located. Physicians say prompt medical attention would have saved Burtchell's life.

Jerry Seckington is quite well known in Maryville. His parents live on East First street. Burtchell, instead of being from Maryville, lives in Stanberry.

Seckington's parents telegraphed to El Paso Monday, to the secretary of the race track, and also to the hospital physicians to find out his condition. No word had been received up to press time.

## ORDER WENT INTO EFFECT SUNDAY

The Sunday closing of the carriers' windows in the post office was put in effect in Maryville Sunday. Very little complaint was heard, and it is thought that there will not be much dissatisfaction over it. Those who have boxes received their mail as usual.

## HADLEY AND HILL

TO BE HERE AT DEDICATION OF NORMAL BUILDING.

## IF IT IS ON APRIL 29

Auditorium is All That Remains to Be Completed—Board of Regents to Take It Up.

President H. K. Taylor of the Normal returned from Jefferson City Saturday night. President Taylor was well pleased with the conference he had with Governor Hadley and the arrangements he made by which the Normal will go ahead with its plans.

In reply to questions about his message of Saturday concerning the appropriation for the Normal, President Taylor says that no cut will be made in it. But if the governor should find it necessary to withhold some of the money he will take it from some of the minor funds so that the teachers' fund and the other important funds will in no way be affected.

Governor Hadley and President A. Ross Hill of the state university have accepted invitations to be present at the dedication exercises of the Normal building, in case the building is completed by April 29. Both will deliver addresses at that time.

The building is about completed, with the exception of finishing up the auditorium, and if work is commenced within the next few days the building will be ready to dedicate on April 29. If the auditorium is not completed the dedication will be on the occasion of the annual commencement, May 24.

The board of regents will take the matter up soon at a meeting, and efforts will be made to finish the building by the last of April, so the dedication exercises can be had in connection with the annual teachers' meeting and track meet, on April 28 and 29.

### TARIFF REVISION IS PLANNED.

Several Changes in Procedure Are Provided for and Number of Officeholders Cut Off List—New Rules Are Fully Agreed To.

Washington, April 3.—There will be general tariff legislation at the extra session of the Sixty-second congress which meets tomorrow. That was settled at the Democratic caucus. Following is the program for the session as adopted by the caucus:

Resolved, That the Democratic members of the various committees of the house are directed not to report to the house during the first session of the Sixty-second congress, unless hereafter directed by this caucus, any legislation except in reference to the following matters:

The election of United States senators by the people.

Legislation relating to the publicity of campaign contributions before and after elections.

The Canadian reciprocity agreement, general tariff legislation affecting the revenue of the government.

The reapportionment of the house of representatives to conform to the thirtieth decennial census.

Resolutions of inquiry and resolutions touching the conduct of the executive departments.

The admission of the territories of New Mexico and Arizona to statehood.

Any deficiency bills that the exigencies of the government may require to be considered at this time, and bills to correct errors of enrolling in the appropriation acts approved March 4, 1911.

Legislation relating to the District of Columbia.

#### Officers Are Elected.

Officers were elected as follows: Clerk—South Trimble of Frankfort, Ky., who was a member of the Fifty-seventh congress.

Sergeant-at-Arms—U. S. Jackson of Indiana, who defeated William H. Ryan of New York by a vote of 114 to 97.

Doorkeeper—Joseph J. Sinnott of Virginia.

Postmaster—William M. Dunbar of Augusta, Ga.

Following are the chairmen of the principal committees:

Committee members are to be elected by the house, not only in the first instance, but also in the filling of vacancies.

A saving of \$182,000 in the annual cost of running congress is promised through the cutting of surplus employees and inactive committees and through the abolishment of the time honored "extra month's pay."

Springfield, Mo., April 3.—Nine persons were injured when eastbound passenger train No. 10, a fast train, known as the Meteor, on the St. Louis and San Francisco railroad was derailed on a curve forty-five miles east of this city. ## TWO LOADS OF HAY WERE BURNED

Two loads of hay, the property of Frank McClain and Page Fite, caught fire Saturday night about 9 o'clock at the Everhart weighing station. The hay was left on the wagons after it had been weighed and hauled off the scales to the vacant place along the Burlington right of way, and it is thought that sparks from the engine of the northbound passenger train set it on fire.

The fire department made run down to the place and put out the fire, and the hay was dumped on the ground. Sunday night it started up again and the fire ladders had to make a second trip to put out the fire. The wagons were burned some.

### CROUP CONQUERED.

Every Mother Should Read and Remember This.

In any home where a child has a tendency to croup, a bottle of Hyomei (pronounce it High-o-me) should be kept constantly on hand.

A sudden attack of croup with difficult breathing and extreme distress is apt to come on at any time.

The course to be pursued is plain. Send for your doctor at once, and in the meantime drop thirty drops of Hyomei into a bowl of boiling water, and hold the child's head over it, cover with a towel or cloth, so that only the air filled with Hyomei vapor is breathed.

This method of treatment has saved many a child's life, and mothers of croupy children should see to it that Hyomei is always on hand. Full instructions for prompt relief of croup is in each package.

A 50c bottle of Hyomei is all you need in treating croup. This is known in all drug store as Extra Bottle Hyomei Inhalant. Drugists everywhere and the Orser-Henry Drug Co. sell it. Breathe Hyomei. It is guaranteed to cure catarrh, croup, sore throat, bronchitis, coughs and colds, or money back.

### Good Show Thursday.

That the majority of theater goers crave, above all things, novelty in theme and treatment is a fact that every producing manager knows. Mediocrity is the portion of the dramatist who pursues the beaten ways of mediocrity, both in financial and artistic results. Meredith Nicholson knew this when he framed his story "The Port of Missing Men," and with one sweep he put himself quite outside the ordinary, the conventional. It is the story of a man who, gaining the knowledge of a plot which threatened the safety and honor of the United States gave up fortune, money, ease to prove to the authorities at Washington, D. C., that he was right, that he was unselfish, made of the same stuff as those men who conquered the wilderness and made the words "United States" a world power. The tremendous thrilling, gripping story has been dramatized by Edward E. Rose and will be presented during the present season by Managers Howland and Gaskill, with Mr. Hugh B. Koch in the part of John Armitage. Scenically the play is most attractive, as the action takes place in Washington, D. C., at the Army and Navy club and among the Virginia mountains. These later scenes have been painted directly from photographs taken in the very localities mentioned in the novel. Empire theater, Thursday, April 6th.

Miss Emma Cannon suffered a stroke of apoplexy Sunday afternoon. Her condition is regarded as serious.

### In Praise of Eloquence.

An Alabama negro was defended in court by Senator Morgan. Having cleared the negro of the charge, the senator said to him: "Rastus, did you really steal the mule?"

"Well, Marse Morgan, it was just like this," said "Rastus": "I really thought I did steal dat mule, but after what you said to the jury I was convinced I didn't."—Success Magazine.

## FIFTEEN SCHOOL BILLS WERE PASSED

A dozen or fifteen school bills were passed by the general assembly, most of them of minor importance. Under the new laws a district may by vote provide for the transportation of pupils living more than a half mile from the school house; a district must conduct its annual election like a regular election, using a tally sheet and preserving the ballots for county school commissioner and transmitting the same to the county clerk; making two-thirds of those voting in a school election necessary to increase tax levy for erecting school houses and similar purposes; providing state aid for

## Throw Away Your Canes, Rheumatics!

Immediate Relief For Every One  
Hobbling With Rheumatism.

Rheumatism at last can be cured,  
not in months but in days, and  
without pain. The only remedy  
known for uric acid, the  
"Rheumatism Cure," does it.

Some of its amazing results are al-  
most beyond belief, yet there is ab-  
solute proof for the fact that out of  
1,000 cases of rheumatism, not a  
single one failed to be cured.

"Fuss" Rheumatism Cure is  
the true antidote to uric acid. Im-  
mediately on being absorbed into  
the blood it begins its work of  
driving out every particle of uric  
acid from every tissue, organ, muscle  
and joint.

It reduces inflammation, swelling  
and pain everywhere in an incred-  
ibly short time. "Fuss" is abso-  
lutely safe, containing no dangerous  
ingredients, stimulants or narcotics,  
such as opium, chloral, morphine,

Life is like a cistern—it must be  
filled if we get anything out of it.

Whatever else may happen me, I  
pray that I may grow old gracefully.

Those who are always looking for  
the worst of it seldom need the aid of  
spectacles.

It would take more than nine tailors  
to make men out of some fellows we  
know.

I'm mighty close to fifty, but I yet  
envy the small boy who is always the  
first one to go barefooted in the  
spring.

When we learn to keep sweet while  
discussing politics we will find our  
partisanship a mighty small quantity.

There is something wrong with the  
loyalty of the citizen whose blood  
doesn't run a bit faster when the  
home team wins.

And maybe your boy doesn't like  
to stay at home because his room is  
a stuffy attic while his sister's is the  
breezy front bedroom with every com-  
fort therein.

## DIAZ IS READY TO STEP ASIDE

President of Mexico Says This  
is His Last Term.

### READS MESSAGE TO CONGRESS

Proposes No Re-Election for President  
and Other Executive Officers—Fav-  
ors Reform of Electoral Laws and  
Would Divide Big Estates.

Mexico City, April 3.—President  
Diaz is ready to step aside and let  
another take his place as chief execu-  
tive of Mexico, if the people think he  
ought to do it. He will accept the dic-  
tum of congress on this issue as the  
voice of the public. This declaration  
is the most important message which  
he sent to the opening of the Twenty-  
fifth congress here.

After recommending a number of  
general reforms, the president made  
the proposition that hereafter no citi-  
zen should be eligible to re-election as  
president. He urged a reform of the  
election laws, in order that all the citi-  
zens of the country may hereafter be  
able to take part in elections.

A further reform suggested by the  
president was the breaking up of the  
great landed estates of the country,  
the ground being distributed among  
small farmers, to be worked by them-  
selves and their families for their own  
benefit.

The president also guaranteed the  
complete independence of the courts  
of the republic, and pledged himself  
that if bills affecting these reforms  
were introduced in congress they  
would have his hearty support and he  
would sign them when enacted.

Abuse of power by jefes politico, an-  
other of the crying evils complained  
of by residents in the rural districts  
throughout Mexico, is to be abated, ac-  
cording to the plan outlined by the  
president.

### Audience Intensely Interested.

The public, knowing that the presi-  
dent would, in this message to the  
Twenty-fifth congress, depart from  
the ordinary course and suggest spe-  
cial legislation, has shown intense in-  
terest. This feeling of expectancy  
found expression in the members of  
congress and from the minute the  
chief executive entered the chamber  
of deputies until the last word of his  
message every man on the floor as  
well as those persons in the galleries  
listened intently.

Only once was the president inter-  
rupted by applause. At the mention  
of reforms there was a spontaneous  
clapping of hands for one brief min-  
ute and then no more was heard, until  
the close, when the big auditorium re-  
sounded to handclapping and cries of  
"viva." The audience followed the  
reader keenly.

### Mexicans Take Madero's Uncle.

Laredo, Tex., April 3.—Mexican  
authorities arrested Salvador Madero,  
an uncle of Francisco Madero, Jr., leader  
of the insurgents, when he reached  
Nuevo Laredo en route to Monterey  
to visit his sick father. He will be  
held incommunicado until a complete  
inquiry into the motives for his enter-  
ing Mexico is made. If, upon investi-  
gation, it is found that his sole object  
is to visit his sick father in Monterey,  
he will be released, but will be kept  
under strict surveillance.

### Revival of Peace Rumors.

El Paso, Tex., April 3.—Francisco I.  
Madero, Sr., and Alfonso Madero, father  
and brother of the Mexican insur-  
recto president, arrived in El Paso.  
A revival of peace rumors has fol-  
lowed.

trical railroads of the Hill system in  
the far northwest, with headquarters

Stephens.

eral manager, will succeed Mr. Gray

Louis and San Francisco, with Charles  
M. Levey and W. H. M. Rosing as as-  
sistants to the vice president, and

### Awful Death of Carpenter.

Rock Springs, Wyo., April 3.—Sam  
Paulsen, a carpenter at No. 1 mine of  
the Union Pacific Coal company, met  
with a horrible accident while repair-  
ing a belt at the tippie. Paulsen's  
shirt sleeve caught, and he was car-  
ried up against the rafters with great  
force. Help came at once, but he  
could not be extricated for half an  
hour. One arm was pulled from the  
socket and the skull was fractured.  
Paulsen died in a few hours.

### Dies in Trolley Car.

## GLAD HER FATHER IS ELECTED SENATOR

Miss Dolarita Speaks for Whole  
O'Gorman Family.

New York, April 3.—"We are quite  
as proud of papa's election to the sen-  
ate as we would be if he had been  
elected president, especially as I be-  
lieve they had a great deal of difficulty  
in selecting one man who would be  
entirely pleasant to all the members  
of the Democratic party."

Miss Dolarita O'Gorman—Miss  
O'Gorman now that her father's elder sis-  
ters are married—spoke for the family

SENATOR O'GORMAN.

at her home and told of their pride in  
Justice O'Gorman's election as senator.

"We have not had time to talk about  
whether he will go to Washington to  
live or not," continued Miss O'Gor-  
man, "and, indeed, there have been  
much more important matters to dis-  
cuss. Just now, though, the whole  
family is too busy receiving the con-  
gratulations of friends, answering let-  
ters and telegrams, and telephone  
calls, to plan anything for the future.  
And it is not a small family."

There are now alive, according to  
Miss O'Gorman, seven children.

### Chinese Attack Missionary.

Shanghai, April 3.—Rev. John Mur-  
ray of the American Presbyterian mis-  
sion at Tsi-Nan-Fu was attacked by  
Chinese near that place. He was badly  
injured about the head and body  
and was brought back to the mission  
by a government escort. He is not  
considered out of danger. An absurd  
report had been circulated among the  
Chinese that Murray had stolen a child.

### Kansas City Officers Make Raid.

Kansas City, April 3.—Kansas City's  
little Italy was raided by police. Fifty-  
eight were arrested, scores of weapons  
and much ammunition seized and  
many houses were searched. The raid  
was made by fifty-five policemen, head-  
ed by Chief Griffin, and was the out-  
come of the murder of Joseph Raimo,  
an Italian policeman, who was shot  
from ambush last week.

### Swimmer Lets Girl Drown.

Seattle, Wash., April 3.—The cor-  
oner's jury that investigated the drown-  
ing of Pearl Moore, a thirteen-year-old  
girl, in a natatorium, returned a ver-  
dict that the death was caused by  
criminal carelessness. Five girls, state  
university students, testified that  
Swimming Instructor Harry Horan  
could have saved the girl if he had  
been willing to wet his street clothes.

## HAIR INSURANCE

INSURANCE AGAINST PREMA-  
TURELY GRAY HAIR.

In these up-to-date days, it is possi-  
ble to purchase insurance on any-  
thing. Insurance is, practically, tak-  
ing a chance, with the chances fig-  
ured largely in favor of those issuing  
the insurance—not those who buy it.  
Hair insurance is different, in that  
the one buying the insurance obtains  
full value at the outset, with corre-  
spondingly increased values for the  
greater amount bought; while the  
sellers of this insurance are likely to  
lose unless the purchasers obtain full  
value at once.

This applies to Wyeth's Sage and  
Sulphur Hair Remedy, for if it does  
not do exactly what is claimed for it,  
the sales would naturally drop off;  
whereas if it gives satisfaction the in-  
creased sales give it the only chance  
to be successful. However, Wyeth's  
Sage and Sulphur Hair Remedy does  
"make good," as evidenced by its  
daily increasing sales. Druggists say  
that this preparation gives the best  
satisfaction of any hair remedy ever  
sold. Wyeth's Sage and Sulphur is  
clean and wholesome and perfectly  
harmless. It removes dandruff,  
strengthens the hair, gives new life  
to dull or parched hair, and gradually  
restores gray hair to natural color.

This preparation is offered to the  
public at fifty cents a bottle and is  
recommended and sold by

Koch Pharmacy.

How a Maryville Citizen Found Complete Freedom From Kidney Troubles.

If you suffer from backache—From urinary disorders—From any disease of the kidneys, Be cured to stay cured. Doan's Kidney Pills make lasting cures.

Maryville people testify. Here's one case of it:

I. M. Woods, East Jenkins street, Maryville, Mo., says: "For some time kidney trouble had been lurking in my system, and although it did not bother me to any extent, I could see that the attacks were becoming more frequent and severe. Finally my kidneys became so badly disordered that I was obliged to seek relief. The kidney secretions were unnatural and so irregular in passage as to annoy me greatly. I also had a pain in my back and could hardly stoop. Dizzy spells and headaches were common, and I was in a miserable condition when I learned of Doan's Kidney Pills. I began their use, and after I had taken the contents of three boxes I was free from kidney trouble."—(Statement given in 1901.)

#### Time is the Test.

On September 19, 1908, Mr. Wood added to the above: "The cure Doan's Kidney Pills effected in my case several years ago has been permanent. I am glad to again recommend this splendid remedy."

### GENERAL WOOD WELL PLEASED

Men Were in State of Preparedness and It Was Not Necessary to Have Quantities of Baggage to Follow. Precaution Taken for Health.

Washington, April 3.—Entirely aside from the diplomatic significance or considerations involved, the movement of troops to Texas is regarded by war department officials here as having offered an exceptional opportunity for demonstrating the preparedness of the army and as having served as an object lesson calculated to inspire confidence in the American soldier and the army organization. Detailed reports of the movement and of camp conditions are now coming in daily.

"It is evident," said General Leonard Wood, chief of staff of the army, "that the experience which the American troops have gained in recent years in the movements to and from the Philippines has taught them how to move and move quickly. What delays were involved were occasioned by the fact that the department gave no preliminary warning to the railroads."

According to the reports of General William Carter from the headquarters of the maneuver division at San Antonio, "the whole movement has produced nothing but satisfaction as a military situation."

#### Lessons From Experience.

The ease with which the movement has been carried out and the absence of confusion, it is said, are attributable distinctly to the lessons learned during the Spanish-American war. In 1898 all the requisitions came after the arrival of the troops and some of them never reached the troops for which they were intended. In the movement toward the Mexican border the troops took their own supplies with them. All the officers had their equipment ready as though in time of war. Under the new regulations the baggage which they carry is limited whereas in 1898 it littered the fields and camps. The enlisted men carried their shelter tents, blankets, towels, combs and brushes, tooth brushes and soap, and everything was ready for their comfort within a very short time after detrainment.

#### Precautions Against Disease.

Before the maneuver orders were issued, it was optional with the enlisted men whether they would submit to inoculation against typhoid. About 21 per cent of them submitted of their own will. But troops participating in the Texas movement have been inoculated against the disease which decimated so many victims in the fever camps of the Spanish war period. All the Texas troops have also been vaccinated against smallpox.

The men have been trained to reject water of suspicious character and facilities for boiling water are carried with each company. Each company carries its own cooking outfit. Extensive experimentation has developed new forms of sanitary sinks and new methods of incineration. Patented devices prevent the carrying of infection by flies, and the mess rooms and kitchen are carefully screened. As a result, health conditions are reported excellent.

### SOLDIERS PARADE IN TEXAS

General Carter Reviews First Division Assembled Since Civil War.

San Antonio, Tex., April 3.—The army assembled at Fort Sam Houston reservation made a parade of its strength over a mile long field of wild flowers. It was a review of a division, the first review of a division of the regular army of the United States that has been held since the civil war.

Between 8,000 and 9,000 men passed General William H. Carter—infantrymen with ball cartridges in their belts and artillerymen with service shells in their limbers.

Every arm of the service represented in the division camp was in full strength in the long lines that serpentine back and forth across the field, except the independent brigade of the Ninth and Eleventh cavalry and the ambulance corps.

The brigade is not properly of the division, and the trooper recruits are out at Leon Springs, banging away at target practice.

#### FLEET STARTS PRACTICE

Fourteen Battleships Direct Fire on Targets Representing Enemy.

Washington, April 3.—The annual battle practice of the Atlantic fleet off the Virginia capes began in earnest this morning, when fourteen of the sixteen battleships under command of Rear Admiral Schroeder directed their big guns at targets representing warships of a supposed enemy. Secretary of the Navy Meyer, on the president's yacht Mayflower, is on hand to observe the efficiency of the officers, men and guns under battle conditions. Twenty-five vessels of the navy are on the scene of battle.

Following the regular practice the battleships will open fire on aeroplanes, represented by box kites.
